Mobile Folding Platform Ladder

The typical order picker platform ladder is heavy and awkward and takes up a lot of space in the warehouse. The Order Picker solves this issue and requires no assembly.

Fold-down Wheeled carriage

This 'Auto-Safe' mobile chasis allows the user to maneuver into tight areas and automatically disengages with weight.

- The ladder is operated by pushing down on the handgrips which mobilise the ladder. By depressing the handles the unit is easily pushed around in all directions.
- The Push-down lever also acts as a safety barrier, which prevents, climbing on the ladder until the wheels are disengaged.

Product Code	Description	Platform Height	Base Width & Length	Load Rating
UA-WHOP05WC	5 steps with wheeled carriage	1.5m	880 x 1350mm	150kg
UA-WHOP06WC	6 steps with wheeled carriage	1.8m	880 x 1500mm	150kg
UA-WHOP07WC	7 steps with wheeled carriage	2.1m	880 x 1650mm	150kg
UA-WHOP08WC	8 steps with wheeled carriage	2.4m	880 x 1800mm	150kg
UA-WHOP09WC	9 steps with wheeled carriage	2.7m	880 x 1950mm	150kg
UA-WHOP10WC	10 steps with wheeled carriage	3.0m	880 x 2100mm	150kg
UA-WHOP12WC	12 steps with wheeled carriage	3.6m	880 x 2400mm	150kg
