PRODUCT FEATURES

ARCHITECTURAL DESIGNED

The Ullrich Aluminium Ultra Fence system is a suite of specifically designed extrusions that provide a premium slat screening solution for a wide range of residential and commercial fence and screening applications.

Similar to other Ullrich Aluminium systems, the Ultra Fence and Gate system incorporates a stylish design balanced with the need to be simple and fast during fabrication and installation.

SIMPLE FABRICATION

Non-Weld System By eliminating the need to weld, slat sections providing a strong and durable finished product. Screens and fences can be easily fabricated either by cementing posts into the ground or by fastening in situ.
