Our range of Elliptica Blinds incorporate their own end cap for ease of design and installation.
**Technical Information**

Ulrich Aluminium Louvre Blades can be fitted into the custom designed louvre gallery to offer durability that is simple to install with minimal maintenance and superior aesthetics.

Manufactured exclusively from aluminium and UV stabilised industrial strength plastics.

The Ulrich Aluminium System will ensure years of trouble-free operation.

The elliptical louvre window system is ideal for narrow frame applications when screening is not required.

The Ulrich Aluminium louvre blade system is available in a variety of sizes and colours with a range of blade options so you can take advantage of crystal clear views or provide privacy if required.
